MEET YOUR INSTRUCTOR

Hi! My name is Joshua Stuck. I am a local outdoor skills instructor. I look forward to bringing my love for books and outdoor skills to your library soon!

BOOKS + OUTDOOR SKILLS

Our 2-hour youth program brings some of the coolest outdoor skills mentioned in the world's greatest outdoor themed books such as *Call of the Wild* and *Hunger Games* to LIFE!

What's Included:

2 hours of jam packed outdoor skills instruction. This course starts indoors with a basic discussion of a few very popular outdoor themed books and then quickly moves outside to learn Outdoor & Survival Skills Hands-On.

Students will build a primitive survival shelter, learn how to signal for rescue, create trail markers, and learn how to catch food! We will also be looking at wild resources such as stone tools and bones. Back inside, the program will end with students learning about Natural Cordage. Each student will receive a small kit with survival items to use throughout the program. They can take these home with them.

Student Limit: 25

Preferred ages between 8-13

Program Fee: \$200-\$400
