## What Librarians Say

**TD3 Innovative Gaming**

TD3 Innovative Gaming has allowed us to offer content based on what the children love, and **our classes are full** (with a waitlist!) at almost every session! The **room is filled with laughter**, and the hosts are so patient with every child, from the kindergarteners to the 5th graders!

*Chris Kolokotsas, Children's Librarian*  
Quogue Library, Long Island

The experience provided was excellent, and we are **100% going to rebook** with them in the future. Even though there were some initial technological issues, the staff went above and beyond to solve them quickly.

*Amanda Lopez, Children's Librarian*  
Hammond Public Library, Indiana

We had **extremely positive feedback from all** the parents and staff members. Our families loved Oliver as a host

*Rachel Sferlazza, Head of Children's Services*  
The Great Neck Library

The people who work for TD3 Innovative Gaming are **amazing at relating to our young patrons**. They get them excited and ready to learn while using video games.
