WHAT LIBRARIES ARE SAYING

“Magic Morgan and Liliana were our last performers of the summer and they did not disappoint! They did a fantastic job of encouraging audience participation; the kids had a fantastic time! So much so that we spent most of the performance reminding the kids to move back behind the line!”

“They were wonderful!... they really enjoyed the performers and the sign language.”

“They were awesome!! Loved the magic; couldn't figure it out at all!”

“This brought in our largest crowd for a summer performer. Both kids and adults loved it! It was very energetic!”

“Excellent performers! Would wish them back next year (please?!).”

“Honestly, I'm not a fan of magic, but the crowd loved them. They included many kids into their act. The giant wand skit was a stitch. After the program anyone who wanted one could get her photo taken with the dove. Very accommodating. Their interpreter was entertaining and personable.”

“The performance was great, Matt & Liliana were very friendly and entertaining. We received many compliments after the show from families.”

“The performance was very entertaining! I've seen it two years in a row and I was entertained both years!”

“Our families LOVED the show!”

“We all had a great time today at the magical performance by deaf entertainers Matt and Liliana Morgan... Eye-popping illusions and magic tricks, comedy and lots of fun audience participation -- what a great way to wile away a hot, humid Wisconsin afternoon!”
