IT'S "WHALEY"

Amazing!

**BRING THE OCEAN TO
YOUR COMMUNITY WITH
A LIFE-SIZE WHALE!**

IT'S 56 FEET LONG

Discover whales in a whole new way when Forest Whales brings a life-size, 56-foot inflatable whale to your community. Nurture curiosity and inspire conservation when learning about these gentle giants in the coolest way possible.

GET UP CLOSE

Hands-on learning is the best learning, we say. Touch the replica bones of orcas, narwhals, and so much more! Every lesson makes a splash as you unravel the secrets of whales.

FOR ANY EVENT

Whether it's for school, a community fundraiser, a library program, birthday party, or a summer church camp, we will modify our programs to meet your needs.

WELCOME

To a sea of learning

EXPLORE A WHALE, INSIDE AND OUT!

The Programs

Completely customizable programming for your event. You can start with a half-hour talk, or a talk every hour on the hour. Inflate the whale before or after the crowd arrives. You've got six hours to do whatever you want and Forest Whales is here to help! Immersive programming is sure to inspire your community for years to come.

About Forest Whales

Education runs deep in our veins and we are bringing a life-size whale to the forests of Wisconsin (Forest Whales, get it?). With years of experience in "outside-the-classroom" teaching, we are here to create a sense of wonder about the natural world around us. If you ever had the opportunity to work with Colossal Fossils back in the day, that was us!

For educators:

Meeting and exceeding Wisconsin state science curriculum requirements has never been easier. We are happy to send documentation highlighting the state standards we cover.

OKAY... THE SERIOUS STUFF

WHAT DO WE NEED TO MAKE YOUR EVENT AMAZING?

We recommend a space that is 60' long, 50' wide, and 10' tall to accomodate the whale and some humans.

We've got bones too, so if you have some tables we could borrow (2-3), that would be great. Otherwise, we've got tables too, just let us know if we should bring ours.

Oh, and did we mention electricity?

We need to be within 100' of an electrical outlet because, you know: No electricity, no inflatable whale.

If this is for a fundraising event...

We **HIGHLY** recommend having other stations (face-painting, fish pond, games, etc.) because at previous events, the wait time to get inside the whale has been almost an hour long (We're talking theme-park-sized-lines, people!)... which can make for some stressed out guests.

People REALLY want to go in the whale, so plan accordingly.
